Education

Bachelor in Computer Applications (BCA)
Southwestern State College
4 Years | Started in 2018

Technical Skills

Frontend: HTML, CSS, JavaScript

Backend: Python, Django

Others: Git, REST APIs, Self-learning (YouTube, Docs)

⬜ Projects

✅To-Do List App
Tech: HTML, CSS, JavaScript, Python, Django
A CRUD-based task manager for adding, editing, and deleting tasks. Used Django for backend functionality and templating.

⬜ Portfolio Website
Tech: HTML, CSS, JavaScript
Personal portfolio showcasing skills, projects, and contact info. Fully responsive and clean UI.

⬜ Recipe Website Using API
Tech: Django, REST APIs
Integrated a public recipe API to display dynamic recipes. Filtered by categories and search functionality using Django views and templates.

Experience

Self-Taught Developer
Learning through YouTube, documentation, and personal projects.
- Built multiple full-stack projects to solidify understanding
- Actively improving skills in Django and modern JavaScript

Summary

Motivated self-taught backend developer with a strong foundation in Django and frontend technologies. Eager to contribute to real-world projects, collaborate with teams, and grow in a professional software development environment.
